Sports Premium Planning outline 2016-2017

Summary of Sports Premium Grant Spending 2016/17

P.E. Coordinator: Christopher Pettett

Date: September 2016 – July 2017

The action plan aims to increase participation in PE and sport through a wide range of quality provision that will enable pupils to develop a healthy lifestyle and participate in a range of competitive sports to fulfil their potential. The spend and up-to-date assessment of impact is detailed above.

Westlands Primary School curriculum rationale:

- Encourage all children to become independent learners and thinkers through increased and varied sporting experience.
- Provide motivating and intriguing contexts for learning, particularly in KS1 (e.g. a trip to explore an imaginary jungle, with accompanying music, whilst the children develop their movement skills.)
- Contribute to the drive to raise standards across the curriculum.
- Enable us to track the progress of children and plan for their future learning.
- Meet statutory requirements of the National Curriculum for P.E.

Rationale for PE in our School:

“PE develops the children’s knowledge, skills and understanding, so that they can participate with increasing confidence in a range of competitive and non-competitive physical activities. PE promotes an understanding in children of their bodies in action. It involves thinking, selecting and applying skills as well as promoting positive attitudes towards a healthy lifestyle. Thus, we enable our children to make informed choices about the physical activities that are needed throughout their lives.”

“We aim to provide quality physical activity opportunities both within and outside curriculum time which: consider the needs and interests of all pupils; promote positive attitudes towards participation in physical activity; enable pupils to develop a full range of basic movement skills; increase pupils’ knowledge and understanding of the importance of physical activity; provide safe and stimulating areas in which children can play and be active.”
